

### **Peter Chin, Chief Technology Officer**

Peter holds a degree in Engineering and has more than 20 years experience working with leading-edge technologies at Gilbarco, Logica, Aspect Computing and KAZ (a Telstra company). At KAZ, he was the Chief Technology Officer and was appointed CTO of Imprezzeo in December 2007. He has wide-ranging experience in innovative technology leadership, especially in R&D management and software development. He has travelled extensively throughout North America, Europe and Asia presenting at conferences and seminars, sharing his vision on how technologies can be applied in day-to-day business processes. Peter is based in Sydney.
